PROFESSIONAL SUMMARY

Full-Stack Web Developer and BCA graduate (2025) with internship experience building web applications using React.js, Node.js, Express.js, MySQL and RESTful APIs. Hands-on with CRUD operations, API integration using Axios, Razorpay payment gateway integration, admin and user modules, report and PDF generation, and Git/GitHub version control. Strong in debugging, problem solving and team collaboration. Seeking an entry-level Full-Stack Developer, Web Developer or Junior Software Developer role.

TECHNICAL SKILLS

- **Frontend:** React.js, JavaScript (ES6), HTML5, CSS3, Bootstrap, Responsive Web Design, Axios
- **Backend & APIs:** Node.js, Express.js, RESTful APIs, API Integration, JSON, CRUD Operations, Razorpay Payment Gateway
- **Database:** MySQL, SQL, Joins, Relational Database Design, DBMS
- **Tools:** Git, GitHub (branches, pull requests), VS Code
- **Languages:** JavaScript, Java
- **Concepts:** Admin Panel Development, User Management, Report Generation, PDF Generation, Client-Server Architecture, Debugging

PROFESSIONAL EXPERIENCE

Software Developer Intern | Enlighten Infosystems, Vadodara, Gujarat **Dec 2024 – Apr 2025**

- Developed a full-stack e-commerce web application with separate Admin and User modules using React.js, Node.js, Express.js and MySQL.
- Built admin features: product CRUD operations, user management, payment verification and report generation.
- Built user features: product browsing, add to cart, mandatory registration before purchase, and downloadable PDF bills/payment slips.
- Integrated Razorpay payment gateway and connected the React frontend to backend REST APIs using Axios for secure checkout and payment tracking.
- Designed a multi-table MySQL schema (users, admins, products, brands) and wrote SQL queries for data retrieval and reporting.
- Used Bootstrap for responsive UI and Git/GitHub for version control; debugged issues and collaborated with mentors to improve code quality.

PROJECTS

Step Forward – Shoes E-Commerce Website **React.js | Node.js | Express.js | MySQL**

- Developed a complete full-stack e-commerce web application with customer-facing and admin interfaces.
- Implemented user login/registration, product search and filters, product and category management, shopping cart, orders and admin dashboard.
- Designed a relational MySQL database of 9–10 tables for products, categories, users and orders.
- Structured the codebase into separate user, admin and server modules for maintainability.
- Source code: github.com/Shaikh799/shoes_e_commerce

EDUCATION

Bachelor of Computer Applications (BCA) – Dharmsinh Desai University (DDIT), Nadiad **2025 | 71.54%**

Higher Secondary Certificate (HSC), Commerce – St. Anne's High School **2022 | 74.4%**

Secondary School Certificate (SSC), GSEB – St. Anne's High School **2020 | 69.33%**

CERTIFICATIONS & ACHIEVEMENTS

- Hackathon Participation Certificate – CHARUSAT University
- Software Development Training Certificate – Enlighten Infosystems (React.js and Node.js)
- Cleared all BCA semesters in the first attempt with no active backlogs
- Languages: English, Hindi, Gujarati
